

About Us

Miracle Babies Foundation is Australia's leading non-profit organisation that supports premature and sick newborns, their families and the hospitals that care for them. Since 2005, Miracle Babies Foundation has helped thousands of Australian families through the traumatic experience of having a baby born early or sick.

Every year in Australia around 44,000 newborn babies require the help of a Neonatal Intensive Care Unit (NICU) or Special Care Nursery (SCN). 25,000 of these babies are born premature and up to 1000 babies lose their fight for life.

The birth of a premature or sick newborn can be an overwhelming and traumatic experience for families. Their lives are permanently changed, significantly influenced by their NICU experience.

Miracle Babies Foundation is dedicated to positively supporting this experience through:

Our Miracle Babies Foundation NurtureProgram[®]

A free support program available to families of premature and sick newborns at any stage through a high risk pregnancy, their Newborn Intensive Care Unit (NICU) or Special Care Nursery (SCN) journey, their transition to home and onwards.

This successful program is essential for all families and comprises:

Marcus David Pussell

Marcus David Pussell

Marcus was born on the 13th March 2004 at 25 weeks gestation (15 weeks premature). He was resuscitated at birth and required ventilation.

On the 15th March, 2004 Marcus' family had to heartbreakingly say goodbye.

"Marcus has left a permanent imprint on our hearts and will be forever loved".

The Marcus David Pussell Shield is in remembrance of all the Miracle Babies who sadly lost their fight for survival and who will remain forever in our hearts, thoughts and prayers.
